BRIEF ABSTRACT OF LETTER

Requests in the circumstances mentioned orders for placing the execution of Rule 2 of Rule 31 after Sub-Rule 18 (sub) to facilitate the completion of Labourers Societies and smooth operation of the Work under

NOTES AND ORDERS.

P

1) At present the rural societies are exempted from the preparation of defaulters list and so must be rule 2 of Rule 31 for the conduct of elections to the Committee of management. The Registrar now represents that the present rule works as a great handicap to Labourers societies and such other urban societies where the majority of the members are poor and illiterate. He therefore suggests that the exemption

may be made applicable to urban societies for which he suggests an amendment. He further goes on to say that the rules regarding consolidation to the Committee of management, preparation of voting slips, issue of identification slips and voting slips, balloting etc are applicable to rural societies also, which they find difficult to follow, and suggests that the whole rules may not be made applicable to both of these societies whether rural or urban, which are exempted by him. He suggests the addition of the proposed clause after Sub-rule 18 of the rules of election. The proposal of the Registrar is for contradiction. Sub to orders 4/per 5/2 previous publication of the change proposed is necessary.

2) The amendment proposed by the Registrar to add the exception at the end of Sub rule 18. would lead to confusion and to a good deal of irregularity at the time of elections. These election rules have been framed to avoid all kinds of complications arising out of irregular elections

3) It is stated by the Registrar that the members of some of the societies are very backward and it may not be possible for such societies to observe the

election rules strictly. ~~In~~ Actually it may not be so. There would be some literate members who manage the affairs of the societies and with proper instructions and guidance, it may be possible to observe the rules, specially with regard to election.

3) Sub-rules 3 to 18 are very essential ~~in the~~ ~~and~~ ~~scope~~ otherwise there will be room for all kinds of complaints.

Exemption may be granted to sub-rule 2 and the proposed amendment may be modified thus " This provision shall not apply to such of the Rural Societies and other societies as may be exempted by the Registrar"

As there does not seem to be much force in the objection raised the draft rule may perhaps be finally adopted. A draft notification framing the amendment of the rule finally is laid for orders

2) The single objection is from Legore Co. Evidently the Secretary has not carefully perused the proposed amendment. The objection is that urban societies should generally be exempted. The proposed amendment is — "Such of the urban societies which are considered by the Registrar should be exempted from payment of dividend on account of the backwardness of the majority of its members." The draft rule may therefore be finally adopted. A draft notification is put up for approval.

FROM

Registrar of Co-operative Societies in Mysore,
BANGALORE.

GENERAL SECRETARY 15 JAN. 1940

To

J. Appaji Gowda, Esq., B.A.(Hons),
General Secretary to Government,
Bangalore.

Sir,

I have the honour to state that it has been found by experience that the Rules of election to the Committees of management of societies framed under the Mysore Co-operative Societies' Act cannot be rigidly observed by the Societies formed for the benefit of labourers such as the Mysore Mills Co-operative Society Ltd., the Press Employees' Co-operative Society Ltd., the Krishnarajendra Mills Co-operative Society Ltd., in view of the extreme backwardness of the majority of members of such societies. It is therefore necessary to exempt such societies from the operation of the rules of election in the same manner as the Rural societies are exempted. I therefore request that the exception under Sub Rule 2 of Rule 31(Rules of election) may be recast as follows:--

Exception:- These rules shall not apply to such of the societies as may be exempted by the Registrar.

By inserting the exception under Sub Rule 2, the exemption will be only in respect of the issue of the notice to the defaulting members and ~~others regarding~~ their regaining eligibility by paying up the overdue amounts. But all the other formalities of signifying the candidature (Sub Rule 3), preparation of voting slips, (Sub Rule 4) issue of identification slips and voting slips, (Sub Rule 9), balloting (Sub Rule 12) etc., will have to be observed, which it will be difficult for rural societies and labourers' societies to carry out faithfully. I think

that this difficulty will be got over if the exception is placed at the end of the Rule (i.e., after Sub Rule 18) in the form shown above. I request that Government may be pleased to approve of the above amendment.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

"Exception.- The Registrar shall have power to exempt such of the rural or urban societies from the operation of this rule or such clauses of the rule as he deems necessary when a majority of the members constituting such societies are backward in point of education or where such societies are constituted for the benefit of the labourers."
